1. The board of trustees assumes the following duties in connection with the investment of assets:
  - a. issuing these regulations, the annexes and other implementing provisions
  - b. defining and delegating duties and responsibilities
  - c. selecting the asset manager
  - d. setting the objectives and principles governing asset management
  - e. selecting the investment strategy of the pension scheme pensions
  - f. carrying out and monitoring the investment process
  - g. periodically reviewing the alignment between the investment of assets and liabilities
  - h. quarterly monitoring of compliance with the investment strategies of the pension schemes with regard to the statutory and regulatory provisions by means of an investment report
  - i. annually reviewing the choice of investment strategy in connection with the risk capacity of the individual pension schemes by means of key figures reporting
2. If any violations of statutory or regulatory provisions occur, the board of trustees must take action. In the event of a violation, the asset manager and potentially the managing director must furnish an account to the board of trustees.
3. In the event of any violation ascertained in the course of a review pursuant to paragraph 1 (h), the board of trustees may arrange for the assets of the pension schemes in question to be adjusted immediately.
4. If the reviews referred to in paragraph 1 (i) reveal that a pension scheme lacks capacity to assume risk, the board of trustees may request the immediate amendment of the investment strategy of the pension schemes in question.

---

### Article 4 Duties and powers of management

- The managing director shall assume the following duties in connection with the investment of assets:
- a. review of the pension schemes' choice of the investment strategy
  - b. verification of the risk capacity of the pension schemes
  - c. potential rejection of the investment decision of the pension commission and submission of a counter-proposal
  - d. ensuring that the requisite reports are delivered to the recipient in a timely manner
  - e. serving as a point of contact for the pension commissions of the pension schemes
  - f. ongoing monitoring of compliance with these regulations

---

### Article 5 Reporting and oversight

1. The pension scheme receives an overall valuation at least on a quarterly basis, which includes performance, ratios of return and risk, as well as deposits and disbursements.
2. Management shall obtain a quarterly report from the asset manager which furnishes an overall assessment of the performance, return, comparison of returns and investment risk.
3. Each year, a key figures report shall be prepared for each pension scheme, which shall include a provisional coverage ratio, the chosen investment strategy, the number of insured persons, timely deposits and disbursements, as well as imminent retirement pensions.
4. Management shall ensure that the board of trustees receives a controlling report and key figures report on a quarterly basis that meets the needs of the board of trustees.

---

### Article 6 Agency authority
