Capital structure

Ordinary share capital

VZ Holding Ltd's nominal share capital amounts to CHF 2 million, divided into 40 million fully paid-up registered shares with a nominal value of CHF 0.05 each. Each registered share entitles its holder to one voting right. VZ Holding AG does not issue participation or dividend-right certificates.

Authorised and conditional capital

There is no authorised capital.

The conditional share capital is limited to CHF 40'000, equal to 2 % of the existing share capital. This sum is available to exercise the option rights they have acquired within the framework of the management benefit programme. For this purpose, VZ Holding Ltd may issue a maximum of 800'000 fully paid-up registered shares with a nominal value of CHF 0.05 each. The preferential subscription rights of the shareholders are excluded for this conditional capital increase. By the end of 2022, no shares were issued out of the conditional share capital.

Acquisition of the registered shares by exercising option rights and the subsequent transfer of the registered shares is subjected to the transfer restrictions described in the section «Transfer restrictions» on page 19. The conditions for the issuance, including issue price, date of dividend rights, type of contribution and the participation plan are set by the Board of Directors. The shares may be issued at a price below the market price.

¹ The dividend payments are based on a dividend of CHF 1.74 per registered share proposed to the shareholders' meeting of 12 April 2023. No dividend will be paid on treasury shares. Therefore, the actual amount paid out is dependent on the number of treasury shares held by VZ Group on the payment.

Restrictions on transferability and nominee registration in the share register

Transfer restrictions

Currently 210'417 registered shares are subject to a lock-up period. Only shares related to the management benefit programme or to the Board of Directors' compensation are locked-up. During the year under report 69'614 shares were allocated based on the management benefit programme (2021: 61'986) and 3594 shares were allocated to members of the Board of Directors as compensation (2021: 4183).

The vesting period is three years for all shares in the management benefit programme. Allocations to members of the management take place at the end of February, while allocations to members of the Executive Board and the Board of Directors only take place in early April, after their remuneration has been approved by the Annual General Meeting. This is why the vesting period for management employees will expire in February 2023 respectively 2024 and 2025, while it will end in April 2023 respectively 2024 and 2025 for members of the Executive Board and the Board of Directors. Detailed information on the management benefit programme can be found in the notes to the consolidated financial statements under «Share-based payments» (page 81) and under «Share-based management benefit programme» (pages 127 to 129).

Conditions for entry in the share register

The Board of Directors keeps a share register, where the name and address of each holder and usufructuary of VZ shares are registered. Entry in the share register is contingent upon proof that the share has been acquired for ownership or for the establishment of a usufruct. Vis-à-vis VZ Group, shareholders or usufructuaries shall be deemed to be only those persons who are recorded in the share register. Upon request, a shareholder's voting rights shall be recorded in the share register, provided the shareholders explicitly acknowledge to have acquired the share in their own name and for their own account.

Exceptions

Apart from the provisions on nominee registrations, no exceptions to these transfer restrictions shall be granted.

Nominees

The Board of Directors may register persons who hold shares in the name of third parties («nominees») up to 5 percent of the share capital stated in the Commercial Register as shareholders with voting rights. The Board of Directors may approve the entry of voting rights exceeding 5 percent for nominees who disclose the name, address and number of shares of those persons for whose account they hold 0.5 percent or more of the share capital stated in the Commercial Register. This is a discretionary decision. With these nominees the Board of Directors concludes agreements regarding notification requirements, representation of the shares and exercise of the voting rights. If an entry in the share register was based on false information by the shareholder, the company may cancel the entry after a hearing with the nominee. The Board of Directors informs the affected shareholders immediately about the cancellation. Changes to the statutory provisions and restrictions on the transferability of shares are subject to the approval of two thirds of the represented votes and the absolute majority of the represented nominal share values at the shareholders' meeting. The articles of association of VZ Holding Ltd do not stipulate any statutory privileges.

Convertible bonds and options

The share based management benefit programme provides options for VZ Group's senior employees. These options have a maturity of six years, and may be redeemed only in exchange for shares (subscription ratio 1:1). In addition, the options are blocked for a period of three years and shall become worthless and lapse if their owners leave VZ Group within this period. As at 31 December 2022 VZ Holding Ltd held 756'572 VZ shares (31.12.2021: 621'145). These shares are designated for share allotments and options exercised by employees. By the end 2022 no shares were issued from the conditional capital.

During the year under report 139'228 options were granted under this programme (2021: 123'972), whereof 134'268 were still outstanding on 31.12.2022. If these options are exercised, 134'268 registered shares will be transferred. During the year under report a total of 22'635 options were exercised (2021: 147'278). Options outstanding under all option plans totalled 639'804 as at 31 December 2022 (31.12.2021: 534'779). If all these options will be exercised, 639'804 options will be transferred. Detailed information on the benefit programme including the exercise prices per option plan is disclosed in the notes to the consolidated financial statements (page 81, section «Share-based payments» and pages 127 to 129, section «Share-based management benefit programme»).

No convertible bonds were outstanding during the year under report.

Election and term of office

Election

The shareholders' meeting elects all members of the Board of Directors individually for a term of one year. The period of office ends upon the conclusion of the next ordinary shareholders' meeting. The year for the first election is specified in the section «Members of the Board of Directors» (pages 23 and 24). There are no restrictions on how often a member of the Board of Directors may be re-elected.

The Board of Directors periodically discusses the composition of the Board of Directors and long-term succession planning. In doing so, the relevant competences, aspects of diversity and independence are taken into account.

The rules within the articles of association of VZ Holding Ltd governing the appointment of the chairman, the members of the Compensation Committee and the independent proxy correspond to the regulatory requirements. If the Chairman of the Board of Directors does not exercise his office until the end of the period of office, the Board of Directors shall elect a replacement from amongst its members for the period until the next shareholders' meeting.

Internal organisation

Tasks

The Board of Directors consists of five or more members. Decisions are taken by the entire Board of Directors, based on the majority of the votes present. If a vote results in a tie, the Chairman takes the final decision. In the case of routine matters and in urgent cases, the Board may accept or reject applications in writing, unless at least one member requests a meeting.

For support and in order to ease its own workload, the Board of Directors has established a Risk & Audit Committee as well as a Compensation Committee. These committees prepare decisions relating to their topics, and also submit motions to the Board of Directors. Since most business is discussed and decided by the entire Board of Directors, no further committees are necessary. Members of the Board of Directors abstain from voting on matters that relate to their own interests or the interests of natural persons or legal entities with which they are associated.

Supervision of the Executive Board

The Chief Executive Officer regularly reports to the Board of Directors about the performance of the group companies and the fulfilment of his tasks. He may inform all of the members of the board in writing or orally on the occasion of a board meeting. The Chief Executive Officer also provides reports on the company's financial situation to the other members of the board on a quarterly basis, and unsolicited points out unforeseen financial liabilities.

Irrespective of the regular reporting, the Chief Executive Officer also immediately informs the members of the board in writing about events that might have a substantial impact on the course of business, such as in particular:

- planned changes in the Executive Board,
- Events which may have a significant adverse effect on the financial situation of the Group, the Company or its subsidiaries, in particular impending litigation or the existence of an under-balance sheet or over-indebtedness,
- Determination of significant irregularities in the management of the company.

Risk management system

An impeccable reputation among clients, investors, creditors, government agencies, business partners and the public is VZ Group's most valuable asset. Managing risks effectively contributes greatly to this reputation. Therefore, the correct assessment, the careful and conscious handling and the systematic monitoring of all important risks is crucial for the company's long-term success. No business activity is free of risks, and financial institutions active in the balance sheet business are exposed to particularly high risks. VZ Group avoids activities with an unfavourable risk/return ratio and enters a business field only if it has the human and technical resources to adequately control the risks.

VZ Group is exposed to reputational, operational, regulatory and legal risks. In addition, there are default, credit, market, liquidity and refinancing risks in the banking business and underwriting risks in the insurance business.

The overall responsibility including overall management, supervision and control of risk management lies with VZ Holding Ltd's Board of Directors. The Board of Directors sets the general guidelines for the entire group, approves the conceptual framework for group-wide risk management incl. risk policy, risk tolerances and limits, and issues the organisational, business and competence regulations. If laws, supervisory requirements or general conditions change, these principles are reviewed and adjusted if necessary.

The Risk Office is responsible for the ongoing risk control, including the independent control and monitoring of all risks, while the Legal & Compliance office is responsible for risks of legal and regulatory nature. The Risk Office draws up a bi-annual risk report, Legal & Compliance an annual activity report to the attention of the Risk & Audit Committee.

Additional information is set out in the notes to the consolidated accounts (pages 85 to 99, section «Risk management»).

Independent supervisory bodies

The independent supervisory bodies are part of the internal control system and monitor the risks as well as legal, regulatory and internal compliance. The supervisory bodies assume the risk control and compliance functions. In order to fulfill their duties, they have unlimited rights of access, information and insight, as well as direct access to the Board of Directors.

Internal audit

The internal auditors are elected by VZ Holding's Board of Directors and report to the Risk & Audit Committee. They carry out all tasks assigned by Risk & Audit Committee independently. The Board of Directors mandated Grant Thornton Ltd, Zurich as internal auditors, and for the German subsidiaries Warth & Klein Grant Thornton Ltd, Dusseldorf. For VZ InsurancePool Ltd the Board of Directors mandated Balmer-Etienne Ltd, Lucerne, which is accredited as auditors for insurance companies by the Swiss Financial market Supervisory Authority (FINMA), as an additional internal auditor.

The internal audit carries out a comprehensive risk assessment at least once a year. It takes into account external developments (e.g. economic environment, regulatory changes) as well as internal factors (e.g. important projects, business focus). Based on this risk assessment as well as other needs, the internal audit defines each year an audit plan with specific objectives that are in line with the risk-oriented multi-annual plan. The audit fields are based primarily upon the statutory requirements for audit obligations. In addition, the Board of Directors may define further fields.

When planning the audits, the internal audit shall coordinate with the external audit and shall make its audit results available to the external audit. The Risk & Audit Committee shall approve the annual audit plan at the latest on the occasion of the first ordinary meeting of the Risk & Audit Committee of the current year. The internal audit shall inform the Risk & Audit Committee, the Executive Board and the managers of the audited units in writing about the results of its audits. At the start of the year the internal audit shall furthermore draw up a report on its activities in the past year. In order to enable the internal audit to perform its duties, it has unlimited rights of access, information and insight.

Right to request information

Insofar as this is necessary for the fulfilment of their duties, each member of the Board of Directors may inspect the financial records and documents, and the Chairman of the Board may demand information from the Chief Executive Officer about the performance of the business and about individual transactions. If the Chairman and/or the Chief Executive Officer rejects a request for information, for a hearing or an inspection, then this shall be decided by the Board of Directors.

Executive Board

Authorities

The Executive Board of VZ Group is responsible for the management of the entire company. Together with the Board of Directors it is responsible for developing the business strategy of VZ Group. It discusses the focus of the subsidiary companies and of the business units in terms of strategy, corporate culture and business philosophy as well as interdepartmental projects of a personnel, risk policy or market profile nature. The Executive Board has the necessary leadership skills, expertise and experience in the banking and financial sector required for the approval of VZ Group's business operation.

Share register

Representation and restrictions on voting rights

The Board of Directors keeps a share register, where the name and address of each holder and usufructuary of registered shares are registered. Each share listed in the share register entitles the holder to one vote. Entry in the share register is contingent upon proof that the share has been acquired for ownership or for the establishment of a usufruct. Vis-à-vis the company, shareholders or usufructuaries shall be deemed to be only those persons who are recorded in the share register. Further information about the registration conditions is set out in the section «Restrictions on transferability and nominee registration in the share register» on page 19.

If an entry in the share register was based on false information by the shareholder, the company may cancel the entry after a hearing with the nominee. The Board of Directors shall inform the affected shareholders immediately of the cancellation. Changes to the statutory provisions and restrictions on the transferability of shares are subject to the approval of two thirds of the represented votes and the absolute majority of the represented nominal share values at the shareholders' meeting. Shareholders may only exercise their voting rights if they are recorded as shareholders with voting rights in the share register of VZ Holding Ltd. The treasury shares of VZ Holding Ltd does not confer voting rights.

No exemptions to these provisions were granted during the year under report.

The rules pertaining to participation at the shareholders' meeting correspond to the rules of the Swiss Code of Obligations.

Quorums pursuant to the articles of association

The conversion of registered shares into bearer shares as well as the liquidation and dissolution of the company are only possible with the consent of the shareholders' meeting. The minimum quorum required is two thirds of the represented voting rights as well as the absolute majority of the nominal share value represented.

All other arrangements correspond to the provisions of Art. 703 and 704 of the Swiss Code of Obligations.

Annual general meeting

Convening shareholders' meetings

VZ Group's procedures to convene the shareholders' meetings are in line with the provisions of the Swiss Code of Obligations.

Shareholders who individually or collectively represent shares with an aggregated value of at least one percent of the total share capital may submit proposals to be put on the agenda. The request must be submitted to the Board of Directors in writing, including a proof of the number of shares represented. Such a request must be received by the Board of Directors at least 45 days prior to the shareholders' meeting.

Entry in the share register

The Board of Directors sets the deadline for entries in the share register and notifies the shareholders in the invitation to the annual general meeting. As a rule, the share register closes three days prior to the annual general meeting.

Instructions issued to the independent proxy

He assumed the mandate in 2019 and may exercise it for another three years before the legally required rotation is due.

Additional fees

In 2022, PwC supported VZ Group in the implementation of regulatory requirements. Fees of TCHF 20 were charged for this service (2021: TCHF 15); representing 3.0 per cent of the audit fee. This additional service does not cause any conflicts of interest and is compatible with the audit tasks.

Information instruments exercised by external auditors

The Risk & Audit Committee oversees the external auditing. It acknowledges the audit objectives and the audit plan, where these are not defined by supervisory authorities. It peruses the auditors' findings, recommendations and reports and monitors the scope and organisation of the audit activities. Finally, it assesses the quality of the audit and the compensation of the auditors. In order to assess the work of the external auditors, the Risk & Audit Committee holds meetings with the CEO, the CFO and the responsible head auditor. Evaluation criteria include qualifications, expertise and independence of the audit teams as well as of the head auditor. The Risk & Audit Committee identifies potential conflicts of interests with the auditors, especially where they take on additional consultancy mandates.

The external auditors review the annual statements with the members of the committee and attend additional meetings upon request. The committee regularly discusses the quality of the services and the cooperation with the head of the mandate. The head of the Risk & Audit Committee regularly informs the entire Board of Directors about the auditing activities.
